

Use of PE & Sport Premium 2016-2017

Introduction

The Government has made available to all schools a sum of money to allow them to continue to develop Sports' provision within school and to help schools increase pupil participation in PE and Sporting activity. This money equates to £8,000 per school, per year plus an additional £5 per child. Schools are held accountable for how they have used the additional funding to support progress and participation in PE and school sport. Schools are also required to publish on-line information about how they have used the additional funding, including details about the sporting provision alongside curriculum details.

At Braywood we have been allocated £8,555 for 2016-17. We have used that money in a variety of ways. Primarily we are part of the Windsor Sports Partnership, which provides high quality tutors, inter-school tournament and support with training for all staff. Money is used to replenish resources and support our in-school competitions. We get involved in a very wide variety of PE and sporting activities, which is very popular with our parents and pupils.

Principles

- Our aim when we are allocating the PE and Sports Premium fund is to empower our pupils to benefit from all forms of sport and PE and develop a love of physical activity.
- We recognize that PE and Sport inside the curriculum or through the extended curriculum not only supports a child's health and fitness; it encourages a range of additional skills which impact upon their success at school such as sportsmanship, concentration, problem solving skills and aiming for goals.
- We aim to enrich our provision through additional partnerships and excellence in PE subject leadership. CPD is always a priority for our staff.
- Through our inter-school and intra-school competitions and training sessions we aim to develop our pupils' leadership skills across the school, a healthy competitive drive and a culture of cooperating as a team.

Provision

Key Objective and anticipated benefits.	Proposed outside agencies/coaching companies involved.	Cost	Impact
1. Build upon our already successful Whole School Council Days to create a Sports' Council to build inter-school competition around established 'house' based upon birds of prey. 	WSC Multi-skills Festival – KS1 Windsor Football – KS2 Windsor Netball High - KS2 Windsor Mini-tennis – KS2		
8. Playtimes and lunchtimes Alongside the Y4 playtime monitors organizing lunchtime play activities we have purchase ‘Welly Racks’.	To ensure that pupils can use the field to the maximum now we have the racks pupils can explore this area in Winter.	£1,500	Successful initiative. The children really enjoy this freedom.
9. Introduction of a new short break for EYFS and Y1, which involves developing stamina and core skills.	To separate the two lessons in the first period in the morning pupils use the outside space to exercise and perform ‘brain builder’ exercisers.	No cost	This invigorates the pupils who are ready for their next lesson.
9. Introduction of a new social event involving a sponsored run.	New event supported by the Bray Cricket Association will be held in their grounds alongside or parents	Support from Cricket Group	To take place in May 2017

Our support is focused on areas, which the Sutton Report has suggested are successful in improving children's academic results. We track all children in school to ensure they are making expected or above standards and the above data is gathered from this information.

We have specific systems in place to ensure that vulnerable children are identified to staff through our provisional mapping and needs are addressed through PE & Sports Premium.

Evaluation

We will evaluate the impact of the Sports Premium funding as part of our normal self-evaluation and provision mapping arrangements. We will look at how well we use our Sport Premium to improve the quality and breadth of PE and sporting provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

Measuring the impact of the activities provided with sports premium funding can be achieved in different ways. We will look at progress in PE as well as other areas of development such as self-esteem, confidence and the numbers of pupils involved in sporting activities in and out of school. Assessments are made both formally and informally using our school assessment systems as well as feedback from staff and visitors to the school. We will also evaluate the impact of professional development opportunities in improving teaching and learning in PE. It is anticipated that at the end of the academic year we will have some hard data to show the impact of this sports premium funding on pupil progress and involvement in sport.
