## 7. Annex A – Braywood Constitution

## Introduction

*“At Braywood our aspiration is for all children to become confident, emotionally resilient and compassionate individuals who achieve personal success through strength of character and a love of learning”*

### What is an extended school?

Extended schools provide both extra activities to pupils and also activities and services to their families and the wider community. These activities or services include childcare; early years education; lifelong learning; healthcare & social services; cultural & sporting activities; play projects or study support.

*“By 2010 all children should have access to a variety of activities beyond the school day. Well-organised, safe and stimulating activities before and after school provide children and young people with a wider range of experiences and makes a real difference to their chances at school. It gives them the opportunity to keep fit and healthy, to acquire new skills, to build on what they have learnt during the school day or simply to have fun and relax. We will help to work with parents and the wider community to make this vision a reality.”*

### Ruth Kelly (Secretary for Education and Skills)

### Vision and Ethos

The aim is to help children develop their full potential through positive, social, emotional, physical and intellectual experiences:

- By providing a stable, secure and relaxed environment where parents and carers feel satisfied to leave their children.
- By maintaining high standards of childcare in which there is provision for children to participate in the planning of the scheme, so that all feel a sense of adequacy and fulfilment.
- The values deriving from different backgrounds of racial, cultural, religious and linguistic should be recognised and respected.
- Children's individual needs e.g. disabilities and gender, should also be reflected in the service.

The club's aim to provide a 'wrap around care' in a safe, friendly and secure environment where a variety of activities are offered including arts, crafts, games, sport and drama. The children are also given the opportunity to relax or read in a 'quiet' area.

### **Behaviour**

All children attending any Braywood EXtra Services are expected to behave in a responsible manner, both to themselves and others showing consideration, courtesy and respect for other people at all times. We recognise the importance of positive and effective behaviour management strategies in promoting children's welfare and learning. The Ethos of the School and Club is based on the quality of the relationships between everyone involved in the life and work of the Club.

At Braywood EXtra / Funky Chipmunks we aim to achieve this by:

- Encouraging everyone to take responsibility for their own actions;
- Making everyone feel worthwhile both as individuals and as contributors to life within the Club;
- Giving people space to grow, change and express themselves;
- Allowing differences of opinion or conflicts of interest to be explored openly;
- Encouraging the use of humour as one way of defusing situations and keeping things in perspective.

Children have the best chance to grow and develop in an environment in which they feel secure and able to take risks safely and where everyone is respected. Behaviour can be affected by home circumstances and consideration must be given to this.

### **It is essential for adults working with children to:**

- Identify what behaviour is appropriate or inappropriate in a variety of different environments or situations;
- Be consistent and fair in applying agreed rules and expectations, whilst being aware of children's individual needs;
- Acknowledge, praise and give attention to appropriate behaviour in order to teach children what is acceptable and expected;
- Provide clear consistent boundaries for inappropriate behaviour;
- Enable children to identify their mistakes and make amends;
- Enable children to see that there are consequences to their actions;
- Involve children in managing their own behaviour, in setting targets for improvement;
- Make the Club's approach to behaviour management known to parents and children at their first booking.

### **Unacceptable Behaviour**

If a child is not behaving responsibly the following course of action will be taken. In all instances of unacceptable behaviour, the deed will be condemned - not the child. E.g. "you are an unkind and thoughtless child" should be altered to "that is an unkind and thoughtless behaviour". This gives the child a chance to moderate his/her behaviour and does not label the child himself/herself.

### **Bullying**

"Bullying can be physical, verbal (direct or indirect) - it is its persistent nature which turns such behaviour into bullying rather than an isolated incident."

NOTE it is common knowledge that staff are usually the last to know any incidents of bullying. Any incident of suspected bullying should be reported to the Club Supervisor, immediately. The Supervisor will investigate the matter with all concerned, including parents. Strategies for dealing with bullying will be agreed by everyone and monitored by the Supervisor.

### **Exclusion**

It is felt that with young children this is an inappropriate method of dealing with unacceptable behaviour. However, if a child repeatedly threatens the safety of other children/staff then it would be considered as a possible option.

### **Food and Nutrition**

Braywood EXtra is committed to providing healthy, nutritious and tasty food and drinks for the children. Staff will make every effort to ensure that food and drink is sensitive to dietary, religious and cultural requirements of the staff and children.
